DESIRE TO INSPIRE BY D2I GLOBAL

CSR FOR ENVIRONMENT ACTIVITY

Committed to protecting and preserving the natural environment.

Environmental Corporate Social Responsibility (CSR) is a key priority in modern business ethics. As consumer awareness grows, organizations increasingly recognize the value of reducing environmental impact and supporting community well-being. Today, companies are evaluated on their efforts to address challenges such as climate change and global health issues. In response, our organization actively contributes through CSR and environmental management initiatives, including the annual purchase and planting of saplings.

PLANTING AREA + equipment for planting (soil + plants)

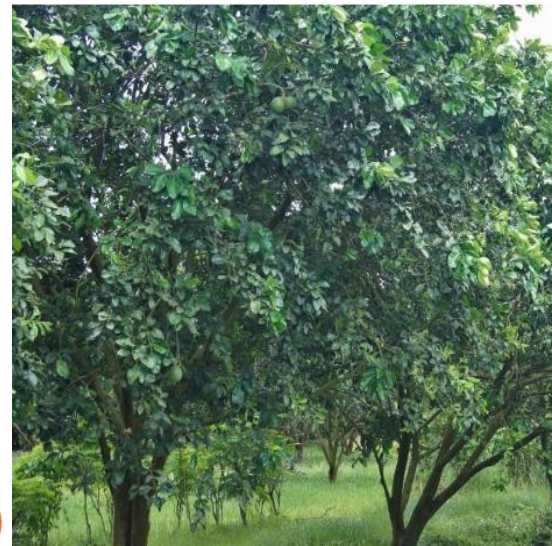

The result is lush greenery and natural ozone.

D2I CO.,LTD

STAFF OUTING AND ACTIVITY

Sustainable start with people.

Employee social events and environmental activities.

Enjoy the beach and let the staff help protect the ocean for just 5-10 minutes before heading back.

GREEN OFFICE: Daily

Simple Everyday Ways to Reduce Electricity for the Planet (4 P's):

Turn Off: Turn off unnecessary lights and appliances when leaving the bedroom or unused space.

Adjust: Adjust the air conditioner setting (increasing the setting in other areas helps reduce electricity consumption). Adjust the refrigerator temperature so it's not too cold.

Unplug: Unplug appliances such as TVs, computers, and microwaves immediately after use, as they still consume phantom load even when switched off.

Change: Switch to LED light bulbs, which are more energy-efficient and last longer. Choose appliances with the Energy Efficiency Label No. 5.

Souvenirs are provided as a form of sponsorship by using cloth bags instead of plastic.

SUPPORTING NATURE FOR A SUSTAINABLE FUTURE

Another activity for elephant lovers is the "People Helping Elephants" event. Elephants are important animals that have been an integral part of Thailand's culture for a long time. This activity is organized to help elephants facing various problems, such as elderly elephants, elephants with health issues, homeless elephants, and underprivileged elephants that cannot work in elephant camps, in order to improve their well-being. The activities include planting elephant food crops such as bananas, sugarcane, pineapples, pumpkins, and banana grass; feeding and bathing elephants; and observing their natural way of life. **D2i Global**, supports responsible elephant-helping activities.

FOOD WASTE PREVENTION

Eat It All, Reduce Waste” and “Use Food Waste for Agriculture.

SUPPORTING THE LOCAL SCHOOL (CSR)

Program: Community Support for Local Schools (CSR)

The concept of this activity is “**Build & Give**”. In this activity everyone will have a task to complete; building a book storage, drawing or painting in your own design. Participants in each team will get 3 units of book storage to complete.

After all is completed, books storage will be delivered to school by organizer.

LOCAL COMMUNITY

SUPPORTING THE LOCAL HANDICRAFT & PRESERVE THE CULTURE

8 MONGKOL ๘ มงกอล

100% ORGANIC THAI BALM
